

Titan2™ Liquidtight Flexible Metallic Conduit

When more is expected from you, you expect more from us. That's why we re-engineered Titan2™ Liquidtight Flexible Metallic Conduit. It's more flexible to perform in the most complex environments. And its higher-quality jacket reduces horse-collaring and increases durability. Titan2™ Liquidtight Flexible Metallic Conduit allows for a tighter fit during installation and a more natural fit for an ever-changing industry.
